Only a Few More Hours

Then the New Mode of Execu-
tion Will Be Tried.

WILLIAM KEMMLER THE VICTIM.

The Witnesses Already Assembled and
the Murderer has but a Few More
Hours to Live—Names of Those That
Will See the Doomed Man Electro-
cuted.

AUBURN, N. Y., Aug. 5.—From
present indications William Kemmler
will be executed between midnight and
daybreak on the morning of Wednesday
Aug. 6. Warden Durston said yesterday
afternoon that he had sent invitations to
the out-of-town witnesses before he took
his hurried trip to New York, and that
these witnesses were to be at the prison
at 7 o'clock Tuesday morning. All
sorts of wild rumors have been in cir-
culation in the last twenty-four hours.
At an early hour yesterday morning it
was reported that two hacks had driven
up to the prison gate at midnight and
discharged their loads, and the inference
was hastily drawn that the wit-
nesses had been summoned secretly and
that the execution was to take place
yesterday.

Great local excitement followed this
announcement, and the special corre-
spondents of the newspapers who are
here in great numbers were quickly
routed out of bed and sent skimming
after the facts. The story, like many
others that have been put in circulation
in the past week, was found to be with-
out foundation, and Warden Durston,
coming in this morning on the early
train from Syracuse, where he had
spent the night, soon dispelled all in-
fering doubt of its falsity. Yesterday
morning the story was in general cir-
culation, and it was commonly believed
that the execution was to take place yester-
day.

This impression also was dispelled
when Warden Durston made the state-
ment yesterday to a reporter of the
United Press that the witnesses had
already assembled at the prison. It
does not follow necessarily that the execu-
tion will occur Wednesday morning.
It may be deferred for another twenty-
four hours. But Mr. Durston has stated
several times since sentence was passed
upon Kemmler that it was his intention
to fix the hour of the execution as early
in the week as could be done in decency.
So it is more than likely that Wednes-
day morning will see the end of Kemmler.

It can be stated on the most reliable
authority that the stories of Kemmler's
physical and mental weakness recently
published are unfounded. He is as quiet
as usual, amuses himself as he has done
for months past by practicing his re-
cently acquired accomplishment—writ-
ing—eats heartily and sleeps well. Last
night he slept like a child. To-day he
ate three good meals and spent much of
his time writing cards, reading from his
Bible and talking with his keepers. His
spiritual adviser, the Rev. Dr. Hough-
ton, and the chaplain of the prison, Dr.
Yates, visited him during the day and
spent more than an hour talking to him
about the hereafter. He was calm and
repeated his professions of faith without
apparent emotion. He has heard nothing
of the rumors in circulation without, and
while he realizes that this is his last
week on earth, he does not seem at all
fearful of death.

Warden Durston gave out to the
United Press last night the following
list of those who are to be present at the
prison Tuesday evening to witness the
execution:

Dr. C. F. McDonald, of New York,
formerly physician in charge at the
state insane asylum; Dr. Samuel D.
Ward, of Albany; Dr. A. P. Southwick,
of Buffalo; Dr. E. C. Spitzka, of New
York; Dr. George E. Fell, of Buffalo;
Dr. C. M. Daniels, of Buffalo; Dr.
Charles Fowler, of Buffalo; Dr. W. F.
Jenkins, of New York; Louis Balch,
of Albany, secretary of the state board of
health; Dr. W. J. Nellis, of Albany; Dr.
A. Argue, of Corning; ex-Senator D. H.
McMillan, of Buffalo, the father of the
electric bill; the Hon. John B. Stans-
field, of Elmira; Tracy C. Becker, of
Buffalo, referee in the Kemmler trial;
Robert Dunlap, of New York, and C.
R. Huntley, of Buffalo, expert electric-
ians.

The following persons have been not-
ified to be present in their official capac-
ity: George B. Quinby, district at-
torney of Erie county; Oliver A.
Jenkins, sheriff of Erie county; Judge
Henry A. Childs (who sentenced Kemmler).

The fact that the name of Electrician
Barnes, of Rochester, does not appear
in Warden Durston's official list, ex-
cited some comment to-night. The
warden is thought to be much annoyed
by the publication of the interview
with Mr. Barnes, which appeared in
the Rochester Post-Express and in the
United Press dispatches Wednesday af-
ternoon.

Mr. Durston has maintained a strict
silence about the arrangements for the
execution, and it is natural that he
should be annoyed at the divulgence of
the program. There are three elec-
tricians to be appointed, however, and
it is probable Mr. Barnes will be named
as the third when the final arrangements
are made. Mr. Barnes did not have
charge of the early tests of the dynamo,
as is claimed, but he was present and
was intimately acquainted with the machin-
ery and his presence therefore is desir-
able.

The latest story concerning Kemmler's
condition, put in circulation, is to
the effect that on July 35 his nerves
gave way, and for some time he could
eat nothing, and wine was given him to
sustain his strength; that finally it was
necessary to administer morphine to
quiet his nerves and put him to sleep,
and that on awakening he said that he
had a vision of hell. Whatever truth

there may be in this story, it is ques-
tionable that Kemmler is calm and un-
troubled to-day, and that he sleeps and
eats well.

Squirrels Living on Buckeyes.

HARTFORD CITY, Ind., Aug. 5.—The
scarcity of oak mast in the woods has
driven many of the squirrels to the riv-
ers, along the bank of which grow the
buckeye trees, the fruit of which they
eat. At no time in the history of this
section of the state can old residents re-
member that the squirrel has eat of that
kind of mast. In fact, the fruit of the
buckeye is rank poison to many animals.
Every farmer of the river bottoms
knows what it is to have cows "buck-
eyed." However, the squirrels eat the
buckeyes, and the fruit makes them fat
and sassy.

CASUALTIES IN NEW YORK.

A Number of People Meet Their Death in
an Accidental Way.

NEW YORK, Aug. 5.—Michael Mc-
Ginnis, 8 years old, fell from a fire escape
on the second floor of 434 West
Forty-ninth street, yesterday, and was
killed.

James Grant, 26 years old, was
drowned in the Harlem river at Central
bridge yesterday.

Edward Deering, aged 7 years, fell
from the second story of his parents' re-
sidence in Brooklyn, yesterday, fractur-
ing his skull. He cannot recover.

Joseph Flick, aged 15 years, of
Brooklyn, was drowned at Newtown
creek yesterday.

Thomas Morgan was drowned in Wal-
labout bay yesterday.

William Kause, 35 years old, was
run over by a Long Island train at the
yard at Bushwick avenue yesterday and
killed.

Henry Scheritz, the keeper of a
shooting gallery at 234 1/2 Bowery, was
accidentally shot in the breast by a cus-
tomer at his gallery last night and died
shortly afterward.

A Disabled Steamer.

NEW YORK, Aug. 5.—A dispatch was
received at the Maritime Exchange yester-
day announcing that the United
States mail steamship Rio de Janeiro,
bound from San Francisco for Hong
Kong and Yokohama, was run into by
the British steamship Aggra and seri-
ously damaged. The passengers were
taken ashore in the lifeboats and the
Rio de Janeiro was towed to her dock in
a sinking condition.

Held in Bail.

PITTSBURG, Aug. 5.—At a hearing yester-
day before Magistrate McKenna Sex-
ton & Dunn, agents for the National
Capital Savings, Building and Loan as-
sociation, of Chicago, were held in \$1,-
000 bail to appear in court on the charge
of obtaining money under false pre-
tenses. The city attorney charged the
firm with being rascally throughout and
doubted if the agents forwarded any
money to Chicago.

His First Vacation Proved the Last.

BUFFALO, N. Y., Aug. 5.—W. P.
Ayres, of Cleveland, O., who with his
wife has been attending the assembly at
Chautauqua, went for a sail on the lake
yesterday afternoon. When near the
farther side his boat capsized and he
was drowned. Mr. Ayres was about 35
years of age, a telegraph operator, and
was taking his first vacation for some
years.

Returned the Call.

NEWPORT, R. I., Aug. 5.—Admiral
Watson and staff of the British squad-
ron, returned yesterday the official visit
of Commander Stanton, of the United
States naval and training station. They
were received with a salute, were shown
about the station and witnessed bat-
talion drill and other exercises by the
apprentice boys.

Lightning's Victim.

CHICAGO, Aug. 5.—Mrs. Anna Seuron,
a German woman, aged 80 years, was
struck by lightning and instantly killed
about 5 o'clock Sunday afternoon while
sitting at the window of her house, No.
5145 Laffin street. An examination of
the body disclosed a blue mark just
above the heart.

No Important Change.

NEW YORK, Aug. 5.—The Brick-
makers Association of New York and
New Jersey held a meeting, lasting sev-
eral hours, at the Astor house. It was
learned that no definite conclusion had
been reached by the association. The
situation remains virtually unchanged.

A Quick Change.

GREENWICH, Conn., Aug. 5.—Owing
to ill health, Mr. Hanford Lockwood
yesterday tendered his resignation as
president of the Greenwich Trust,
Loan and Deposit company and Sec-
retary of State R. Jay Walsh was uni-
mously elected president in his stead.

New York Clock Makers.

NEW YORK, Aug. 5.—About 1,000 per-
sons engaged in the manufacture of
clocks went out in a strike yesterday
because of certain omissions in their
contracts, which they thought had been
put in. It is probable that a general
strike will be ordered.

First Step to a Fight.

NEW YORK, Aug. 5.—Theodore Peter-
son, president of the Olympic club, of
New Orleans, telegraphed The Police
Gazette yesterday that his club has de-
cided to offer a \$1,500 purse for a fight
between Jack Dempsey and Bob Fitz-
simmons.

Alabama Crop Report.

MONTGOMERY, Ala., Aug. 5.—The re-
ports to the state commissioner of agri-
culture show crop conditions as follows:
Cotton, 86 per cent. of a full crop; corn,
average 65 per cent., compared with
five years ago, and 89 compared with
last year.

Election in Alabama.

MONTGOMERY, Ala., Aug. 5.—The
election yesterday for governor and
other state officers, resulted in the
election of the entire Democratic ticket.
But few Republicans or Independents
were elected to the legislature.

The Senate and House

Proceedings of Both Branches
of Congress.

THE TARIFF BILL DISCUSSION.

It Occupies the Greatest Part of the Time
of the Senate While the House Finds in
the Day Discussing the General Defi-
ciency Bill—Other Washington Dis-
patches.

WASHINGTON, Aug. 5.—The senate
spent almost the entire day discussing
the tariff bill and considerable progress
was made in the glassware schedule.
The feature of the day's proceedings
was emphatic declarations from both
Senators Plumb and Teller, on the Re-
publican side, that they were opposed to
hasty action on the bill or to any change
of the rules for the purpose of hastening
the passage of the bill.

The house in committee of the whole
took up the general deficiency bill, but
made no progress whatever with it, the
entire day being made in speech-mak-
ing. Mr. Rogers, of Arkansas, made a
long speech, criticizing severely the
methods and manners of Speaker Reed,
and Mr. Breckinridge criticized the
rules and legislation of the Republican
majority.

Messrs. Henderson, of Iowa, and Bon-
telle, of Maine, defended the speaker
and the legislation of the session.

July Coinage.

WASHINGTON, Aug. 5.—The official
statement of the coinage executed at the
mints of the United States during the
month of July shows that 4,352,000
pieces were coined, representing a value
of \$2,545,700. Of these 2,300,000 were
standard silver dollars.

He Assumes Command.

WASHINGTON, Aug. 5.—The navy de-
partment is informed that Commodore
McCaun has hoisted his flag on the
United States steamer Pensacola at
New York and assumed command of
the North Atlantic squadron.

THE DROUTH.

Wheat is Damaged and Corn is Almost
Ruined.

ST. PAUL, Minn., Aug. 5.—The hot
weather of the last week has had a bad
effect on the crops in Minnesota and
both the Dakotas. In South Dakota
wheat is almost all harvested. The hot
winds of two weeks ago did it much
damage and not as large a proportion as
usual will grade Nos. 1 and 2.

The corn crop may be said to be, with
the exception of the southern portion of
this county, almost completely ruined,
and not over 15 to 20 per cent. of the
crop is now in sight. Indications point
to a light yield in North Dakota, except
in the counties bordering on the Red
river. No harvesting will be done before
the middle of next week. During the last
ten days the outlook has changed
greatly for the worse.

Escaped From Prison.

LANCASTER, Wis., Aug. 5.—Nick
Ames, a notorious character who has
served one or more terms in state prison,
and who was again awaiting trial here
for burglary, last night escaped from
the county jail with two fellow-prison-
ers. Having obtained a small saw they
managed to make their way through the
bars and gained access to the outside
barred windows of the jail. Here, by
removing a few bricks, they were free.
By means of their blankets they lowered
themselves to the ground and escaped.
As yet no trace of them has been dis-
covered. Several other prisoners re-
fused to escape. Among them was
Henkel, the murderer of Dr. Ayres.

Cutting Passenger Rates.

NEW ORLEANS, Aug. 5.—The Pica-
yune San Antonio special says: The
St. Louis war on rates to the Grand
Army encampment at Boston has
reached San Antonio. The Inter-
national and Great Northern railroad
has cut the passenger rate to New York
from \$46 to \$44.75, good for thirty
days. The San Antonio and Arkansas
Pass has met this cut but the Southern
Pacific has remained inactive. The
International and Great Northern has
also made a reduction of about 15 per
cent. on freight rates to St. Louis.

A Double Tragedy.

MINDEN, Neb., Aug. 5.—Hans Hansen,
an aged farmer, killed his wife yester-
day morning and then committed sui-
cide. Hansen was preparing for a trip
into the country, but just before he left
the house he and his wife quarreled. He
knocked the old lady down with a club,
killing her instantly. Hansen then
dragged the body into an outbuilding
and hung it to a rafter. He then went
to the barn and endeavored to hang
himself, but the rope broke. Failing in
this, he returned to the house, took his
shotgun and blew his brains out.

Farmers' Alliance Convention.

BATON ROUGE, La., Aug. 5.—Most of
the delegates to the state Farmers'
Alliance convention, which meets here
to-day, have arrived. There will be a
large attendance of the friends of the
alliance.

An Unfortunate Love Affair.

WASHINGTON, Aug. 5.—A. M. Loois,
a dealer in fancy goods, committed sui-
cide yesterday by shooting himself in
the head with a pistol. The act is gen-
erally attributed to an unfortunate love
affair.

It Proved to Be Murder.

NEW YORK, Aug. 5.—Mary Marie,
who was shot by her husband, Andrew
Marie, Sunday afternoon, died at the
Presbyterian hospital yesterday after-
noon. Marie has not yet been arrested.

WIND, HAIL AND RAIN.

Serious Damage to Crops and Other Prop-
erty in Indiana.

COLUMBUS, Ind., Aug. 5.—At 4 p. m.
yesterday this city and vicinity was vi-
sited with the second heavy rain and
hail within three days.

The storm was followed by a high
wind, blowing down forests and greatly
damaging the growing corn, and in
many instances leveling it flat with the
ground in such a manner that it cannot
rise again. In the resident portion of
this city several houses were damaged
and a large number of shade trees de-
stroyed.

At Marion.

MARION, Ind., Aug. 5.—A violent
wind and rain storm which passed over
the city yesterday did considerable dam-
age. At the residence of the Rev. M.
Swadener a big chimney was blown
over, and the heavy mass crashed
through the roof into the dining room
where the family was at dinner.

At Huntington.

HUNTINGTON, Ind., Aug. 5.—Up to to-
day it would have been four weeks
since a rain here, but there was a good
shower. During these four weeks the
thermometer has ranged generally from
90 to 102 in the shade, so the effect of
the drouth can be imagined. Many
fields of corn have been abandoned ex-
cept for fodder.

CARPENTERS' TROUBLES.

Meeting of the Biennial Convention of the
Brotherhood at Chicago.

CHICAGO, Aug. 5.—Two hundred and
seventy-five delegates from all parts of
the United States and Canada, repre-
senting a membership of 77,000 carpen-
ters, were present at Plasterers' hall
when President D. P. Rowland, of Cin-
cinnati, called the biennial convention
of the United Brotherhood of Carpen-
ters and Joiners to order.

President Rowland spoke in compli-
mentary terms of the organization and
the good that it has accomplished, and
said that it was the strongest labor
organization in the world.

Mayor Cregier and Judge Tuley deliv-
ered short addresses. After the appoint-
ment of committees the convention ad-
journed until the afternoon.

At the afternoon session the commit-
tee on credentials reported 192 delegates
present and qualified. The committee
on rules announced the hours of sessions
as 8 a. m. to 12 m., and 2 p. m. to 5:30
p. m. daily until adjournment. There
is talk of increasing the initiation fee
from \$2 to \$5; also, of taking measures
to join the United Brotherhood and
Amalgamated Carpenters' union as one
body.

The sessions are all executive and the
password of the Brotherhood is neces-
sary to gain admission.

Suffering Sailors.

GLOUCESTER, Mass., Aug. 5.—The
schooner A. E. Whyland arrived yester-
day evening from Flenish Cape with
240,000 pounds of cod fish and 16,000
pounds of halibut. On June 28, word of
the crew, Martin Foley and Frank
Bevel, were lost while visiting trawls.
The schooner Minnesota, on her way
home, also lost two men in a dory at the
same time. The latter, after rowing
about for five days and suffering terri-
bly, the men came across a black bury
which was fastened to a fisherman's
trawl. They managed to haul the gear
and found a shunk on the hook. He was
ripped open and the raw flesh was eaten
to satisfy the raving hunger of the men.
They were rescued soon after by the
schooner Robert J. Edwards.

Asking for an Investigation.

NEW YORK, Aug. 5.—The condition
and complaints of ill-treatment made
by the Indians who have recently re-
turned from Buffalo Bill's and other
wild west shows now in Europe, has
been set forth in a letter by Gen. James
O'Burne to Thomas J. Morgan, com-
missioner of Indian affairs at Washing-
ton. Gen. O'Burne points out the viola-
tion of their contracts made by Cody
and other managers, and suggests that
an investigation be made by the United
States authorities.

Fired on From Ambush.

NEW ORLEANS, Aug. 5.—An Aber-
deen, Miss., special to Times-Democrat
says: Eight miles east of this place last
night while returning from church on
foot, a party of colored people were
fired on from ambush with a gun loaded
with buckshot. A woman named Susan
Henry was instantly killed and her hus-
band, Ben, Henry, was seriously
wounded. No motives are known for
deed nor the assailant known. The of-
ficials are working on the case.

Serious Trouble Feared.

CHARLESTON, S. C., Aug. 5.—While
the town marshal of Rutherfordton was
attempting to arrest a negro named Mc-
Dowell, on Saturday, he was set upon
by a mob of over twenty negroes armed
with stones, pistols and clubs. The of-
ficer was pretty badly used up, and his
prisoner escaped. He tried into the
crowd and wounded several of the ne-
groes. There is a good deal of excite-
ment over the affair, and more trouble
is feared.

Lived Over One Hundred Years.

BALTIMORE, Aug. 5.—Mrs. Elizabeth
Sands died yesterday at the age of 101
years and 5 months. She had lived
ninety-nine years in this city. Her
health was remarkably good until two
weeks ago. Mrs. Patty Galloway died
Saturday night, after having attained
the ripe age of 106 years. All her
faculties remained intact until a few
days ago.

Thrown Into a Cellar.

WOOSTER, O., Aug. 5.—Five work-
men of Wooster were precipitated into
a cellar by the scaffold on the new Kill-
back college giving away. They were
Joseph Hattenger, fatal and internal in-
juries; Jacob Curry, back injured;
George Wald, knee crushed; John Gun-
nieler, skull fractured, and Gus
Hollecker, arm broken.

Blaine and Free Wool.

The principal objection on the part of Republicans two years ago to the Mills Tariff bill was on account of the "free wool" clause it contained. The clause was the one against which such a great hue and cry was raised. But time works many changes.

"On February 10 last the Republican members of the Ways and Means Committee held a conference, and before them appeared a man of great political prominence who did talk to them of the benefits the people of the United States would derive by having wool on the free list," says the Harrisburg Patriot. "This aforementioned man is not a member of the Cobden Club of England, and no one ever said that the merry jingle of 'British gold' emanates from his pockets. He came not with a letter of recommendation from the wool growers of Australia, nor wearing the ensign armorial of any foreign dynasty, and the men before whom he appeared knew very well that his motive in having wool admitted duty free was not to ruin the great mass of the people of this country.

"Do not faint, Republican workmen, who have given the tariff no study at all, when we tell you that this advocate of free wool of whom we speak was James G. Blaine, President Harrison's Secretary of State. Mr. Blaine's expressed opposition to the McKinley bill has induced its framers to tell tales out of school, and it is they who say that the Secretary indorsed free wool in his reciprocity plan which he laid before them on February 10.

"The manifest object of the committee in 'giving Mr. Blaine away' is to show his hostility to protection, but at the same time they show their own unfairness and hypocrisy. All along they have been holding that the advocates of free raw materials are men who have no interest in the welfare of the American people, and until the present time they were very careful to conceal the fact that such a prominent Republican as Mr. Blaine has at last come to the conclusion that restricted trade is a barrier to a country's progress. Nevertheless the tax-payers who feel the necessity of tariff reform now more than ever are watching the drift of affairs with keen interest and it must afford them considerable amusement to see Republican statesmen striving to outrun one another in the race for the free trade goal."

The Democrats of Mason County made one of the hottest fights in their history yesterday, on the Jailership, but they won handsomely, notwithstanding Republican hoodie and dissatisfaction in their own ranks.

The familiar demand of the Republicans, "the tariff should be revised by its friends," has been amended by an organization of Illinois farmers, which has resolved that "the tariff should be revised by its victims."

A wider market is only another name for freer trade. Mr. Blaine has progressed forward. Jim is hearing the Alliance racket all over the country, and is casting his anchor to windward for the next Presidency, says an exchange.

Let us "to our own registration, our own counting, and our own certification," says Reed, Quay, Dudley & Co., and we will show you "honest elections" and "continuous Republican victory." But the country is not going to allow them to do any such thing.

The Rochester (N. Y.) Post-Express, Rep., says: "The ordinary expenditures by the present Congress are larger than those for any year since 1866—the year that followed the war. This record is a very bad one, and Republican Congressmen seeking re-election this fall may find it extremely embarrassing."

The Republicans will win in a canter, and the BULLETIN and Times will be a respectably the historian and the martyr of the Lewis County Farmers' Alliance calamity.—Maysville Republican.

The new editor of the Republican isn't proving a success as a prophet. Morg. and his gang were snowed under and the Alliance is on top.

In MILLERSBURG precinct, Bourbon Co., R. B. Boulden, Rep., and A. C. Ball, Dem., were elected Magistrates, yesterday, receiving 402 and 252 votes, respectively. Mr. Boulden is a brother of J. E. Boulden of this city, and Mr. Ball formerly lived in this county. The vote for liquor license was 115 for and 250 against.

Ho! For Esculapia and Glen Springs.

Mr. Samuel Politt, of the Bartonville 'bus, is now carrying passengers direct from this city to Esculapia Springs, daily. The 'bus leaves Maysville at 2 p. m., and the conveyance arrives at the Springs at 7 p. m. Leaves Esculapia for Maysville at 5 a. m. Fare only \$1.50 each way. 2w

A FATAL STAB.

"Bird" Crow Cuts Thos. O'Donnell During a Drunken Quarrel.

The Wounded Man Bleeds to Death in a Short Time—The Knife User in Jail.

Thomas O'Donnell was fatally stabbed by "Bird" Crow about 9 o'clock this morning.

The cutting occurred at the corner of Third and Plum streets, during a drunken quarrel.

Crow's story is that O'Donnell accused him of stealing some money from him last night, and threatened "to do him." He claims O'Donnell seized him, and that then he pulled his knife—a one bladed pocket knife—and did the cutting.

The wounds were three in number on the left arm and in the left arm-pit. By-standers put an end to the murderous affray, and started to take O'Donnell to the physician's office, but got him only to the Central Presbyterian Church, where most of his life's blood ebbed away, forming a great pool on the pavement. He was afterwards taken home where he died about 11 o'clock.

Crow was arrested by Deputy Marshal Downey, and turned over to Marshal Hellin. He is now in custody. He was whipped by O'Donnell a week or so ago and has threatened several times "to do him." He has "done time" in the "pen."

He and his victim are both known as members of the notorious "Presley Gang." His trial is set for to-morrow afternoon.

The New Building Association.

As was expected, the new building association is meeting with encouragement, and promises to soon be in first-class working order. The directory has been completed and is as follows: H. H. Collins, C. B. Pearce, Jr., C. S. Miner, Dr. G. M. Phillips, M. J. McCarthy, Dr. C. W. Wardle, H. R. Bierbower, John T. Martin, J. N. Kehoe, M. C. Hutchins, John Ballenger, W. H. Frederick, A. P. Gooding, S. B. Oldham and F. E. Janowitz, fifteen of our substantial, enterprising, competent and honest business men and citizens. In such prudent and competent hands the association is certain to prosper.

As indicated in the notice yesterday, this association will contain several new and improved features which its promoters confidently claim conduces to the certain production of not less than 15 per cent. premium to investors. It will be organized as a part of the Louisville Saving, Loan and Building Company and by reason of its connection with the numerous associations throughout the State will be abundantly supplied with money to lend, and as the said association will borrow from it whenever there may be a surplus in the treasury, there can hardly ever be a scarcity of funds or an unyielding surplus. Money will be loaned to men here only, and approved real estate security must be given.

Shares will be \$100 each, payable in installments of 60 cents per month, and according to profits of last year (fifteen per cent.) will pay out in seven years.

There will be no salaried officers, hall rent or similar expenses. The money paid by other associations therefor constitutes a large part of the profits of this concern.

The monthly dues (sixty cents) will be payable at the bank just as other deposits are made and can be handed in any time during banking hours before the second Tuesday is each month.

Stock can be cancelled at any time, without serious loss to holders thereof.

In case of sickness or death of a member the association will protect his stock without loss to him.

It will cost less per year to carry a loan in this than any other association, and the payments will be easier to make.

Fines, transfers and cancellation fees &c. will also be less than is charged by existing associations. The above are but few of the advantageous features claimed for it by the promoters. We will furnish others as our space permits. The directors and solicitors of stock will be able to furnish more detailed statements and substantiate their claims by plain figures. See them.

How to Keep Your Friends.

The following rules are given by Chas. H. Thomas in the Chautauquan. They are well worthy of study. To gain friends easily is creditable; to keep them after they have been gained is more creditable still:

Do not treat them so that they may suspect that they are friends for revenue only.

Do not talk about yourself. Your friends have a much more exact measure of your powers than you do yourself.

Do not act sour; recollect that vinegar has an affinity for cabbage heads.

Do not hold your friends at arm's length, as if they might be State prison birds in disguise.

Do not hesitate to lend money to your friends when asked for, for no one loves the person who distrusts him.

Do not thrust yourself in; better stay out than be frozen out.

Do not fail to keep your appointments. Do not sponge.

During our epidemic of dysentery in the summer of 1879, I sold 108 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it proved satisfactory in every instance. The remedy is standard in this community.—Geo. B. Dunbar, druggist, Center Point, Iowa. The epidemic referred to was by far the worst that has ever occurred in Iowa. Over 40 persons died from it in a town of only 500 inhabitants; but every case in which this remedy was used recovered. It was equally successful during the epidemic of bloody flux in Virginia in 1887, and in Michigan and Southern Illinois in 1888. It has been in constant use for over eighteen years, and has proved itself to be the most successful medicine yet discovered for bowel complaints. For sale by Power & Reynolds.

Louisville Tobacco Market.

Furnished by Glover & Durrett, proprietors, Louisville Tobacco Warehouse. Sales on our market this week amount to 3,151 lbs., with receipts for the same period of 3,073 lbs. Sales on our market since January 1st amount to 89,771 lbs. Sales of the crop of 1889 on our market to this date amount to 49,781 lbs.

We have had a very strong market for burley tobacco this week, all grades being fully sustained at the advance reported a week ago. We have again had local rains which have proved beneficial to a part of the growing crop, but the presence of outside speculation continues on our market; yet the great bulk of the offerings are being taken by manufacturers. The growing crop is certainly not up to its average condition at this time of year, but we think favorable seasons from this time forward would secure the housing of a crop fully equal to the requirements of the trade. The following quotations fairly represent our market for burley tobacco, crop of 1889: Trash (dark) or damaged tobacco.....\$ 2 50@4 4 00 Col.ry trash.....4 00@4 9 00 Common lugs, not col.ry.....4 50@ 6 00 Col.ry lugs.....8 00@ 14 00 Common leaf.....8 00@ 14 00 Medium to good leaf.....11 00@ 17 00 Good to fine fillers.....17 00@ 25 00 Select or wrapper leaf.....25 00@ 35 10

MINER'S MAXIMS

Don't put your foot on a "coffin" ship, Or in a "coffin" shoe.

Coffin Ship.

Is that a new phrase to you?

The sailor understands it. It's a ship that looks all right—as right as paint can make her. But the ship isn't sound for all her looks. The owners have "skinned" on her repairs. They've used paint and putty where they should have used oakum and rivets. She'll go to pieces at the first strain. So they call 'em "coffin" ships. Good name, isn't it?

Coffin Shoes.

Capital name for "skinned" shoes.

They, too, will go to pieces in a little while. It's with them as with the ships—a pretty outside covers up cheapness of work and material. The dealer don't care. It's not his funeral. The funeral goes with the "coffin" shoes to the buyer.

But why buy these when you can get good ones at MINER'S, the firm that has back of it

"A Ground-Hog Case."

A boy was digging with an old hoe, as if for dear life, in an embankment at the roadside. A passing traveler, seeing the energy and earnestness of the boy, called to him, "What are you doing there, my lad?" Without losing a flick or looking up, "Diggin' fur a groun' hog" was answered. "Well, you will never get him at that rate," said the man. The boy, working on, replied, "The preacher's a comin' to our house to dinner, an' we've got to hev meat, an' I must git that 'ar groun'-hog." This is the origin of "it's a ground-hog case."

Now it is a "ground-hog case" with us in the matter of getting rid of our SUMMER FOOTWEAR, without regard to prices, that we may re-invest our means in the largest variety of Fall and Winter goods ever seen in Maysville. In view of our small margins, our success depends upon the frequency with which we are enabled to turn over capital. This stock must go. Come and see it and you will be astonished at our prices. Orders by mail solicited. Goods sent on approval.

A Grand Stand Gives Way in England.

FIFTEEN THOUSAND PRESENT.

At the Moment of the Crash They Became Pale-Stricken and Many People Are Trampled Upon—Various Other News from Across the Ocean.

LONDON, Aug. 5.—An accident occurred at Atherstone, Warwickshire, yesterday, injuring a large number of people, but providentially killing none. An immense grand stand had been erected from which to view the military tournament in progress at that place, and at the time of the accident it was occupied by 15,000 people, while 10,000 more were closely packed on either side. Suddenly a crash was heard and a section of the stand fell to the ground, carrying with it over 1,000 spectators. It was fortunate that the fall was not very great, as many people might have been killed, but as it was, a large number were injured, some of them seriously.

When the crash came the immense gathering became panic-stricken and trampled upon the prostrate ones in their frantic efforts to escape from danger, the extent of which they were not aware. Several cool-headed men were successful in allaying the fears of the fleeing ones and turned many of them back to render assistance to the injured. Dr. Parke, the surgeon of Stanley's expedition was present, and he, with several local physicians, dressed the wounds of the injured.

Queen Natalie's Troubles.

LONDON, Aug. 5.—The publication by the ex-Queen Natalie, of Serbia, of the story of the divorce proceedings brought against her by King Milan, together with an account of the flagrant conduct of her husband with Madame Christich, has greatly exasperated Milan, who is endeavoring to find some means of retaliation. Natalie also scores the subservient metropolitan who granted the divorce in spite of the fact that the evidence was wholly in favor of herself, and the probabilities are that another attempt will be made to exclude the ex-queen from Serbia before she gets ready to leave on her contemplated visit to Russia, where, it is understood, she will take up her permanent residence. It is stated that Milan's excesses have greatly impaired his health and alienated many of those who have stood by him in his troubles.

Latest from Buenos Ayres.

LONDON, Aug. 5.—The correspondent of The Times at Buenos Ayres says that Dr. Pellegrini, president of the senate, threatens to resign. President Celman has offered every post in the cabinet to the leaders of the opposition, but the offers have been declined. The officers of the regiments recently opposed to one another are now fraternizing and declare that henceforth the troops will be united. The naval officers have resumed the command they deserted during the revolt. The police and members of the fire department are guarding President Celman's house, and will defend it against any surprise by the army.

Medical Congress.

BERLIN, Aug. 5.—The tenth international medical congress opened in this city yesterday. Two thousand five hundred Germans and 2,500 foreign doctors, including 500 physicians from America, are present. Herr Von Boettcher made an address welcoming the delegates on behalf of the German states, and Dr. Von Gossler welcomed them on behalf of the educational department. An address welcoming the delegates to Berlin was made by the burgomaster of the city.

Forestry at Hull.

LONDON, Aug. 5.—At a meeting at the order of Foresters held at Hull yesterday, the chief forester announced that the total membership of the order had reached 700,000. He also made a statement of the financial condition of the order showing that the total amount of funds in the various treasuries amounted to £4,500,000.

Doings at Zanzibar.

ZANZIBAR, Aug. 5.—A mass meeting of Arabs yesterday approved the decree prohibiting slavery and slave trading. A number of the leaders of those who dissented from this action of the meeting tore down the placards announcing the decree and were arrested.

Russia's Demands.

ST. PETERSBURG, Aug. 5.—The Russian government has demanded of the government of Bulgaria the extradition of Capt. Kalobloff, who was convicted of conspiring with Maj. Panitz against the life of Prince Ferdinand.

A Financial Failure.

BERLIN, Aug. 5.—The receipts collected from visitors at the recent gatherings of German riflemen, including delegations from New York and other American cities, lacked about \$25,000 of paying expenses.

Woolen Factory Burned.

HAMBURG, Aug. 5.—A large woolen factory at this place was destroyed by fire yesterday. The loss is \$300,000, and a large number of operatives are thrown out of employment.

NEWPORT, R. I., Aug. 5.—Twenty-four British sailors attempted to escape from their ship yesterday afternoon, stealing the ship's boat while excursionists were landing. A crew sent in pursuit, shot one, cut another's finger with a cutlass, and captured all but three, in the act of landing at the torpedo station.

Killed by a Switch Engine.

PHILADELPHIA, Aug. 5.—John Caprell, aged 58, of 3108 North Nineteenth street, while crossing the Reading railroad tracks at Thirteenth and Cumberland streets, at 10 o'clock yesterday morning, had one of his feet caught in a frog and before he could extricate it he was struck by a switch engine and almost instantly killed.

Two Men Killed and Two Others Expected to Die.

BOUND BROOK, N. J., Aug. 5.—A terrible fight occurred in the Italian settlement known as the "Gravel Pit," in the outskirts of Bound Brook yesterday. Two men were killed and two others are expected to die. The fight was the result of a love affair. Several years ago an Italian girl came to this country and worked in the Bound Brook mills. She was engaged to a lover in Italy, but in a short time was married to one of the Bound Brook Italians.

Yesterday a brother of the jilted lover visited the settlement in the gravel pit and meeting the woman who carried her child in her arms, struck her over the head with a bottle. The husband interfered and in a moment the two men were engaged in a mortal fight; a tree fight among the occupants of the dozen or more shanties followed. All turned out and fought one another viciously with all sorts of weapons, including heavy pieces of split railroad ties, spades, shovels, pick-axes and knives. In a few minutes the ground was covered with bleeding and groaning victims. During the night two of the wounded men died in the greatest agony. Others are in a dying condition. Five arrests were made and more are to follow.

On Board Our Gun Boats.

BAR HARBOR, Me., Aug. 5.—Secretary Tracy inspected the Baltimore yesterday afternoon and was received with a salute of nineteen guns. The Baltimore sailed directly afterward for New York. The Dolphin and Petrel will sail in the morning. The secretary will remain a few days. His daughter and granddaughter, Mrs. and Miss Wilmerding, are with him on the Despatch, also Mrs. Cudwick, wife of Commodore Cudwick, of the Yorktown, and Miss Sloughton, of Washington. The whole party went driving with Gen. Kasson yesterday evening.

The Captain's Opinion.

NEW YORK, Aug. 5.—It is now learned that two men, Bernard Lay and Andrew Anderson, were drowned Saturday in the collision on Lower bay, by which the government dredger Advance was sunk. Capt. Grive made a report of the collision yesterday, in which he leaves the blame on those in charge of the steamer Norge. He says four of the crew are missing, but believes that only the two men, Anderson and Lay, were drowned. The others escaped by clinging aboard the steamer.

Two Boys Drowned.

NORRISTOWN, Pa., Aug. 5.—Willie and Freddie Preston, aged about 9 and 11 years respectively, were drowned at Ambler yesterday, while bathing in the Wissahickon. The brothers were Girard college boys and were at Ambler for an outing. Their mother resides in Philadelphia.

Mason Circuit Court.
E. H. Watson et al., Plaintiffs,
vs.
Walter S. Watson et al., Defendants.
By virtue of a judgment and order of sale of the Mason Circuit Court, rendered at the July term thereof, of 1900, in the above cause, I shall proceed to offer for sale at the court house door in Maysville, Ky., to the highest bidder at public auction, on

Thursday, August 7,

1890, at 11 o'clock a. m., upon a credit of six and twelve months, the following described property, to-wit: A certain house and lot situated in Maysville, Ky., and bounded as follows: Beginning at a point in the line of Third street, N. E. corner to Geo. Cox, thence with said line N.
